## Mrs. Cressman Dies In 85th Year

Mrs. Ellen Cressman, 85, of Didsbury, died Monday morning at her residence.

Born at Comestoga, Ont., Mrs. Cressman came to Calgary in 1906, and later to Carstairs where she and her husband homesteaded. They moved to this district in 1919 and to the town proper in 1942.

Mrs. Cressman was predeceased by her husband, Morgan, in 1946.

She was a member of the Didsbury United Missionary Church.

Surviving are two brothers, George Shoemaker, Collingwood, Ont., and Isaiah Shoemaker, Paisley, Ont.; also several nephews and nieces.

Rev. Ray Shantz will conduct funeral services Thursday at 2 p.m. at United Missionary Church, Didsbury and interment will follow in Didsbury cemetery. Didsbury Funeral Home is in charge of arrangements.

## Melvin W.I. Meeting Held

The August meeting of Melvin W.I. was held at the home of Mrs. R. Shantz, when Mrs. O. Blain and six members of the Rugby Bluebells were guests. Roll call was "tips on etiquette" and Mrs. J. Kershaw spoke on the monthly motto.

Since Mrs. E. Fulkert has moved away, Mrs. E. Dupont Jr. took over the duties of the secretary till the end of the year.

For home economics ideas for the month, Mrs. C. Fischer gave a couple of recipes for uncooked cookies. Mrs. E. Dupont Jr. reported on the Didsbury constituency conference and Mrs. R. Youngs told of the Calgary tour in July.

Name plates for those who had ordered them had been completed by the Rugby Bluebells and were given out. These are plates to be hung by the gate-ways and were very strikingly done in black letters on a white background.

Mrs. O. Blain and her girls then took charge of the meeting, telling about their club work and Girls' Club week at Olds. They displayed samples of their handwork and are certainly to be commended on the quality of their work.

For entertainment Mrs. R. Shantz read a humorous article "Your Boy and Mine."

At the close of the meeting a delicious lunch was served by Mrs. Shantz and the co-hostesses, Mrs. J. Kershaw and Mrs. C. Fischer.

On behalf of the girls present, Lila Blain, president of the Rugby Bluebells, thanked the Melvin W.I. for their hospitality and for their interest in the work of the girls' club.

## WHEAT YIELD CUT 100 MILLION BUSHELS

The government next week will reduce its 1954 wheat crop estimate possibly by 100,000,000 bushels or more in the wake of heavy prairie rust and continuing bad harvest weather.

Federal authorities said it will be the most drastic cut in many years, with deteriorating harvest conditions forcing a slash of the original \$13,000,000-bushel crop estimate.

The original estimate was based on conditions as of Aug. 1 and the new one, to be made Sept. 15, will be based on conditions as of Sept. 1.

## WESTERDALE NEWS

(From Our Own Correspondent)

The semi-final playoffs came to a sudden end on Sunday when the locals won by a 6-3 score from Hainstock, thus taking the series in games straight. The final playoffs will commence on Sunday between Westerdale and Westerdale, at the Waterside diamond.

Other games played on Sunday were Hartmann and Waterside, with the latter winning by a 9-2 margin. A five-inning game between Westerdale and Waterside resulted in a 12-4 win for the locals.

Mr. and Mrs. Dan Mazzeppa of Edmonton spent the holiday weekend at the home of Mr. and Mrs. P. J. Jackson.

Mrs. B. Pross of Didsbury visited over the weekend at the home of Mr. and Mrs. J. E. Bolton.

Mr. and Mrs. T. Collinge of Acme were Monday visitors at the home of Mr. and Mrs. Ben Kershaw.

Visitors at the home of Mr. and Mrs. R. Jackson for the weekend were Mr. and Mrs. L. E. Wall of Edmonton, Mr. J. Nelson and sister, Mrs. Howlett, both of Red Deer, and Mr. and Mrs. J. Nelson of Tara, Ont.

Those who are visiting the west for the first time, Mr. Wm. White and son Ellis of Melvin also visited at the Jackson home.

Mr. and Mrs. A. Cowie of Edmonton were weekend visitors at the home of Mr. and Mrs. J. Cowie.

A baseball game was played Monday afternoon on the Westerdale diamond between Hainstock and Carstairs with Hainstock winning 9 to 2.

### ANNUAL MISSION FESTIVAL SUNDAY, SEPT. 12

Redeemer Lutheran Church will hold its annual Mission Festival this coming Sunday, Sept. 12. The guest speaker for the occasion will be Rev. A. J. Mueller, pastor of St. Peter's Lutheran Church, Edmonton. Two services will be conducted, the first beginning at 10:30 a.m. and the second at 2:00 p.m. During the noon hour, a joint dinner will be served in the church basement.

The great need of bringing the message of the Savior to the world may be seen from the following facts: Three out of five people in North America are still without Christ. Thirty-five million children are growing up without the Bible and Sunday school. The heathen religions are again on the move; Mohammedanism reports an increase of 100 million members; Buddhism claims 200 million followers; and has opened believe it or not, 48 churches and 72 Sunday schools in the United States; Shintoism, the religion of Japan, is experiencing a tremendous revival with three and a half million pilgrims journeying to Ise, the grand shrine of the Sun Goddess; Hinduism with its 250 million followers, and Taoism with their 300 million followers are on the increase. Then we must also think of Communism, which has cast a shadow over 800 million lives.

Over against this rapidly increasing world population of heathens and the revival of heathen religions, the Christian church faces the tremendous challenge "Go ye into all the world." The fact that the heathen world in its blindness does not want Christ and the Gospel of salvation only proves that it does not know Him and the things that belong to its peace.

## September Meeting of Didsbury W.I.

The September meeting of Didsbury W.I. was held at the home of Mrs. Joe McDonald, and opened with a song and reading of the creed.

Seventeen members and three visitors were present. Roll call was answered by giving an article for the bazaar; these articles will be priced at each meeting.

Helen Shannon offered to give feathers for the cushion, as well as make it. Mrs. Barrett is giving the teakings. Mrs. Pross and Mrs. McDonald are making up the two blocks that were left into cushion tops.

Mrs. Ed Blain finished the edges of the quilt with feather-stitching and it will be on display in Ranton's window. Mrs. Ester chose "Food For Thought" for her topic on home economics.

Mrs. Pross had a "snow scramble" for the bit of fun. Grace Bittner won the contest by finding her shoes first.

Mrs. Jack Clark and Mrs. Inglis received "art well" cards in August. The 10-cent draw amounted to \$2 and was won by Mrs. Long. The October meeting will be held at the home of Mrs. Pieper.

## WEST NOTES

(From Our Own Correspondent)

Mr. and Mrs. W. Rigby were over-night guests with Mr. and Mrs. A. L. Hogg on Friday.

Mr. and Mrs. J. Bagshaw visited Mr. and Mrs. F. Birt at Madden on Friday.

Mr. Lou Hoggwood was down from Red Deer for the long weekend.

Mr. and Mrs. J. Betts and family of Cremona spent Sunday with Mr. and Mrs. Arnold Hogg.

Oil wells and more oil wells is the talk of the district just now. The one on the Spencer place is a very noisy affair lately, burning gas.

Mr. and Mrs. Colin Hogg and family of Calgary spent Sunday with the latter's parents.

Mr. and Mrs. Ed Wasnek of Bowness visited with Mr. and Mrs. Gordon Befus on Sunday.

Mr. and Mrs. John Befus, Miss Mildred Befus and Mr. Ed Befus, all of Calgary, were visiting with relatives in the district over the weekend.

A light white frost covered the district on Monday morning but did not do any damage. Three weeks of good weather is needed as crops are very late and the ground soft and spongy.

Mr. and Mrs. C. Russell visited with Mr. and Mrs. C. Crosby Friday.

Little Brenda Maylor had the misfortune to break her arm recently.

Didsbury's first car bingo, featuring \$2000 in prizes was held on Monday evening in the local arena with approximately 1200 in attendance from near and far. Prizes were fairly equally divided amongst the districts and towns represented.

## NEW POWER SOURCE

Two German scientists claim they have developed a simple, cheap and practical process of producing methane by fermenting compost, vegetable matter or manure. This methane can be used to supply energy to run tractors, fuel for cooking and heating and other power needs on the farm. They say that fermentation and storage tanks for the process can be installed profitably on a dairy farm with 100 cows. The processed manure and straw litter from such a herd will produce enough gas in a year to equal the power delivery of 25,000 gallons of gasoline.

At a bank, you can keep important papers and other valuables in a private safety deposit box.

Travellers Cheques and Letters of Credit provide a safe, handy source of funds when you travel.

A bank helps you do business at a distance; sells exchange, transfers funds, makes collections.

A bank is much more than just a place to cash a cheque or deposit your savings. The many services it provides are designed to help you handle money matters more simply, safely, easily. You will find bank people courteous and efficient in handling routine banking matters and helpful, too, when unusual problems arise. Don't hesitate to "see the bank about it."

### Uncertainty Over U.S. Policies

Canadian agriculture is greatly concerned over the trend of tariff and economic events in the United States. This apprehension was voiced at the recent semi-annual meeting of the Canadian Federation of Agriculture at Amherst, Nova Scotia, when the opinion was expressed that the U.S. might dump surplus farm products on world markets while maintaining the high price level on the domestic market. If that happened, Canadian agriculture would have to compete with the bargain prices of U.S. farm products dumped in world trade.

The continued uncertainty of U.S. policies alarms not only Canada but other world nations. Since the end of World War II the U.S. has urged free nations to increase production, lower tariffs and encourage more extensive world trade. This U.S. was a leading factor in the organization of GATT (General Agreement on Trade & Tariffs) which provided for substantial reduction in tariffs. Of late, however, that nation has shown a tendency to increase tariffs and restrictions on imports. Such a course is an unusual one for the wealthiest and most powerful nation in the world.

### September Meeting Rugby W. I.

The September meeting of Rugby W.I. was held on Wednesday, September 1st at the home of Mrs. D. Hosegood, with 11 members and two visitors present. The two visitors joined the institute, making a total membership of 21.

Roll call was magazines for the senior citizen's home in Didsbury. Rugby W.I. collected \$22.35 for the Cancer Society. The handicraft list was discussed for the conference and suggestions made. Mrs. McNaughton was in charge of the "bit of fun."

A discussion was held on changing the provincial W.I. rate to \$1.40 per member in place of donations to make up that amount.

The tea draw was won by Mrs. Glen Ray. The next meeting will be held on October 6th at the home of Mrs. Bruce Nelson when the grandmothers and great-grandmothers will be honored.

### The Joke Box

Feeling neglected when her husband failed to help her into the street car, the wife said: "John, you're not so gallant as you were when you were a boy."  
No, and you're not as buoyant as you were when you were a girl.

The poor man was effusive in his thanks to his rich friend. This five pounds will help me out of a tight hole, and I'll send it back to you in a few weeks. By the way, what is your address?

"The rich man looked solemn 'Fairview Cemetery,'" he replied. "Oh, nonsense, that's not your address."

No said the rich man, but it will be before you send the five pounds back.

Betty—What's wrong with the fella asking you to dance.

Netty—Nothing except that I was dancing with him when he asked.

As a window cleaner you must see many strange sights.

Well I do as a matter of fact, I just saw one on the third floor—an office full of people working.

At police headquarters, the lieutenant was preparing to fingerprint a suspect.

Wash your hands, he instructed. Both of them? asked the culprit.

No, he groaned, just one, I want to see how you do it.

Teen-ager—Twenty hamburgers, please.

Waitress—Did you say twenty? Teen-ager—Yes, but don't worry; they're not all for me. I have a friend outside.

Smith I wear the pants in my family.

Jones—Yeah, but I notice that right after dinner you wear an apron over them.

### WESTCOTT NEWS

(From Our Own Correspondent)

(Intended For Last Week: There is activity again at the Robertson oil well and we hear it is being put on production.

Mr. Les Goetjen Left On Monday for the north country where he has a job.

It's been nice to see the Ted Polkman family around while visiting relations.

The country is getting back to normal after all the rain; all the streams were overflowing their banks and even the Westcott bridge gave away. However it's all fixed up again and old-timers tell us it's the highest the water has been for over 60 years.

Mr. Leland Jacobsen formerly of this district and now employed at Red Deer spent the weekend with their cousin Linden Jacobsen.

Mr. and Mrs. Fred Goetjen and family returned from a holiday at Creston B.C. last week Mrs. K. Goetjen of Didsbury accompanied them and stayed behind to visit with her son Rev. and Mrs. R. H. Goetjen of Creston.

Mrs. T. Lone and Mrs. M. Ireland of Calgary were renewing old acquaintances in the district on Saturday.

Mr. and Mrs. Art Stablow and sons of Portland, Ore. have now returned to their home after spending some time visiting here with Mrs. Otto Polkman and family and Mr. Herman Dageforde and family.

Mr. E. Dageforde of Kansas has been visiting here and expects to leave by plane on Wednesday to return home.

Mrs. Jack Robertson met with a painful accident when she got her finger caught in a car door, crushing the bone as well as lacerating the flesh around the finger itself. She is under doctor's care and it's to be hoped her finger will soon be on the mend.

### Lone Pine Orioles Annual Meeting

The August meeting was held at the home of the Weber girls, with the singing of "School Days" to open the busy evening.

The roll call was answered by "What I want in next year's club" and bringing a flower bouquet, which were judged. Ten members and two visitors were present. Anne Sheils had the best flower bouquet for the seniors and Beverly Thompson for the juniors.

A presentation to Karen Brander, Shirley Thompson and Sandra Brander for the highest marks in answering the roll call. Shirley Thompson was also presented with a cup and saucer for a perfect attendance.

The new president is Joyce Schuckler, the vice-president is Anne Sheils. Secretary, Grace Weber; Treasurer, Shirley Thompson; Directors, Sandra Brander, Beverly Thompson and Patsy Spragg.

Supervisor, Mrs. O. Bittner; Assistant Supervisor, Mrs. B. Persinger; Auditor, Mrs. A. C. Brander.

The ten cent draw, which netted \$2.10, was won by Mrs. B. Sheils. The October meeting will be at the home of Mrs. Bittner and the roll call is, paying your membership dues.

The busy evening closed with an enjoyable lunch, served by the hostesses.

Miss Margaret Robertson is home for a holiday after completing her summer course at the University of Alberta. Margaret intends to take the full year at the U. of A. when it opens this fall.

You can bet your  
bottom dollar on Chevrolet  
price!  
economy!  
performance!  
appearance!

Buy it for less! But as important as price is, don't overlook Chevrolet value — for Chevrolet stands unchallenged in all the important advantages of modern motor travel. Visit your local Chevrolet dealer and see how this is the one car that will exactly fit your family's needs — and your family's budget.

Compare Chevrolet economy. Ask yourself: "What's the car's reputation? How is it on gas? On oil? On service?" It stands to reason that the car with the highest reputation in these vital ways would be in greatest demand... and Chevrolet has been first in demand — first in sales — for over two decades.

We leave this up to you. Visit your local Chevrolet dealer and Road-Test Chevrolet's smooth and instant response. Test it in the traffic, on the highway, on steep hills. You'll agree that high compression, valve-in-head power can't be beaten — and only Chevrolet has it in the low priced field.

Let your own eyes tell you about Chevrolet's fine car beauty. And remember! Underneath that gleaming finish and sweeping style is famous Body by Fisher. That's your guarantee not only of lasting good looks, but of greater comfort, safety, and quality, also. See Chevrolet at your local dealer's today.

**Cyanide Guns and Poison Pellets:**  
During the past 2½ years 37,000  
guns have been used to kill coyotes  
without a single human casualty.  
These guns are driven into the  
ground and loaded with a 38 calibre  
cartridge. Instead of lead the car-  
tridge is loaded with 10 grains of cy-  
anide powder, sufficient to kill a  
350 to 400 pound animal.

The gun is set in such a fashion  
that the coyote must pull on the  
baited trigger to set it off. The  
explosion drives the cyanide powder  
directly into the coyote's mouth and  
death is swift and sure to Mr. Coy-  
ote. There is a saving to the use of  
poison pellets instead of guns in the  
past year. They are easier and safer  
to handle and have other features  
which make them more desirable to  
handle.

These poison pellets are made from  
beef fat and are loaded with two  
grains of strychnine. One pellet is  
strong enough to kill a coyote.

Before any of these materials are  
used certain precautions must be  
taken, such as posting warning signs,  
notifying close neighbors so that  
pets are not allowed to run at large,  
etc. If there is a district that wants  
to adopt the use of these poisons to  
control coyotes and will make appli-  
cation to me, we will arrange to have  
a school in that locality and demon-  
strate exactly how to use these ma-  
terials.

Absolutely no one will be given  
these poisons to use until they have  
been to a "school" and have actu-  
ally become familiar with the safe  
use of the poisons. We must re-  
member that we are dealing with  
deadly poisons and must know how  
to handle them.

## POKER LANGUAGE

A minister told his flock that he  
had a "call" to go to another church.  
One of the deacons asked how much  
more he was offered. "Three hundred  
dollars," was the reply. "Well, I don't  
blame you for going," remarked the  
deacon, "but you should be more  
exact in your language, parson. That  
isn't a 'call,' that's a raise."

## CHRISTIAN SCIENCE

The practical value of understand-  
ing God is the source of all true sub-  
stance will be stressed at Christian  
Science services on Sunday in the  
Lesson-Sermon entitled "Substance".  
Selections to be read from "Science  
and Health with Key to the Scrip-  
tures" by Mary Baker Eddy will in-  
clude the following (301: 17-20): "As  
God is substance and man is the di-  
vine image and likeness, man should  
wish for, and in reality has, only the  
substance of good, the substance of  
Spirit, not matter."

From the Bible will be read the fol-  
lowing passages from Psalms (37:  
3-5): "Trust in the Lord; and do  
good; so shalt thou dwell in the land,  
and verily thou shalt be fed. De-  
light thyself also in the Lord; and  
he shall give thee the desires of  
thine heart. Commit thy way unto  
the Lord; trust also in him; and he  
shall bring it to pass."

## Kit Tip

**EVEN** before the turn of the  
century, polar and other explor-  
ers found that boxes of light,  
non-rusting aluminum gave them  
precious first-aid equipment  
more protection from rough  
usage and rough weather.

Manufacturers took the tip.  
Today, especially in factories  
where industrial processes create  
humid or corrosive conditions,  
aluminum boxes are used to  
keep first-aid kits in good shape.

In fact, aluminum is now  
popular for boxes to hold  
everything from tools to trout  
flies. And for countless other  
containers that must stay clean,  
bright, free from rust. Alumi-

United Nations  
Summer School

The United Nations Summer  
School was convened at the Banff  
School of Fine Arts during the  
week of August 23-28.

The school was attended by 65  
representatives of high schools ac-  
ross Alberta and was a great suc-  
cess. It was held under the auspices  
of the United Nations Association  
in Canada, a purely voluntary or-  
ganization, formed for the express  
purpose of keeping Canadians in-  
formed on the activities of the  
United Nations.

Lectures were given in regular  
school hours in the School of Fine  
Arts Administration building. The  
lecturers were: Mr. S.R. Davy, As-  
sistant Professor of Political Sci-  
ence, U. of Alberta; Dr. G.C. Page,  
Associate Professor, U. of Ottawa;  
Dr. J.A. Irving, Head of Department  
of Philosophy, U. of Toronto; and  
Dr. F. Bentley, Agricultural Dept.,  
U. of Alberta. They lectured on:  
"The History of International Or-  
ganization for Peace," "The Inter-  
national Aspects of Science," "Com-  
parative Customs," and "The United  
Nations," respectively.

The school was under the able  
direction of Mr. F.W. Wootton, di-  
rector of the Alberta Branch of the  
United Nations Association in Can-  
ada.

After school hours the students  
were given ample opportunity for  
recreation, which was under the di-  
rection of Mr. Bob Routledge, Phys-  
ical Education Instructor of Victo-  
ria Composite School, Edmonton.

The school gave the attending  
students an accurate knowledge of  
the United Nations as a world force  
for enduring peace, and also of its  
work in promoting international  
co-operation in economic and so-  
cial problems facing the nations of  
the world.

The students also gained an ap-  
preciation of the scope and value  
of the work of the United Nations,  
so that they might return to their  
communities able to arouse an in-  
telligent interest in the United  
Nations.

Your local representative, Nor-  
man Archer, was sponsored through  
generous donations of the  
Didsbury Lions Club and the Mous  
Chapter of I.O.D.E.

Heavy August  
Rainfall Recorded

Total rainfall for August, recorded at the climatological station at the Olds School of Agriculture and Home Economics, was 10.98 inches. The previous record at Olds for the month of August was 8.56 inches in 1916; records have been kept at the school since 1914.

Heaviest precipitation was recorded for August 9, with 2.81 inches, and August 25, with 1.46 inches. Only four days of the month were without rainfall, namely August 1, 2, 10 and 29.

Rainfall for the month of August last year was 3.09 inches and the 10-year average, 1934 - 1943, inclusive, was 2.108 inches.

Total precipitation to August 31, 1954, was 24.84 inches. Precipitation for the same period last year was 15.63 inches.

No single month on the O.S.A. records show as much rainfall as in August of this year. Other months of high rainfall are: June, 1928, with 9.72 inches; June, 1928, with 8.91 inches; August, 1916, with 8.56 inches; June, 1915, with 8.09 inches; September, 1926, with 8.06 inches.

## CRISIS IN WHEAT

Canada is fast approaching a crisis in wheat marketing, fears The Financial Post. It declares:

"A major portion of the blame rests with those farmer organizations and the wheat pools which pushed Ottawa into the wheat business. They insisted, in the face of repeated warnings, that the open market at Winnipeg be closed, that the government board take over the marketing of all grains, that Canada renew the ill-advised International Wheat Agreement last year and attempt to raise the price of wheat at a time when surplus stocks were mounting."

"Now we are loaded down with unsold wheat. Our elevators are full, and there are several hundred million bushels of last year's crop in make-shift farmers' bins. And it will not be long before what is left of this year's crop will be rolling in."

"The one consolation is this whole sorry situation is that pressure is mounting so rapidly that something must give somewhere. It could result, let us hope, in a long overdue and drastic overhaul of our whole wheat marketing machinery."

## MELVIN NOTES

(From Our Own Correspondent)

Mr. and Mrs. Eddie Krebs of Vancouver arrived Saturday to visit relatives in the district.

Mr. and Mrs. Ross Youngs and family, Mr. and Mrs. A. Esler and Jimmie and Mr. and Mrs. G. Roberts and family enjoyed a turkey dinner at the home of Mr. and Mrs. Emil Krebs, the occasion being Betty's birthday.

Congratulations to Mike Krebs who won the chrome kitchen sink at the car bingo on Monday evening. Also to Bill Weidner, who won the pen and pencil set. We noticed quite a few prizes went to the Didsbury locality.

Bob Youngs spent the weekend at his home here.

Neil and Clifford Youngs are enjoying a holiday with their aunt and uncle at Blue River, B.C. They accompanied their cousin, Lorne Cooley of Calgary, and all went as far as Jasper by car.

It's good to have the Dog Pound river back to normal again after the unusual flooding. Lots of sunshine is needed now to dry roads and fields before harvest.

### GEMS OF THOUGHT

It is difficult to say which may be most mischievous to the human heart, the praise or the dispraise of men. —Mary Baker Eddy

Praise has different effects, according to the mind it meets with. It makes a wise man modest, but a fool more arrogant. —Owen Feltham

The praises of others may be of use in teaching us, not what we are, but what we ought to be. —August W. Hare

Judicious praise is to children what the sun is to flowers. —Bovee

Among the smaller duties of life, I hardly know any one more important than that of not praising where praise is not due. —Sydney Smith

The sweetest of all sounds is praise. —Xenophon

### LOYALTY

You can't buy loyalty, they say: I bought it though, the other day. You can't buy friendship tried and true: Well, just the same, I bought that too.

I made my bid and on the spot. Bought love and faith, and a whole job lot. Of happiness, so all in all. The purchase price was pretty small.

I bought a simple trusting heart. That gave devotion from the start. If you think such things are not for sale, Buy a brown-eyed pup with a wagging tail.
